David Krell**

Report from the Commodore

Finally the sun has blessed us with it's presence and with the first official week of summer it looks like the sun will be here all this week!! WooHoo!!

As Lady Courtney and I continue our summer journey in representing the Bay View we attended The Opening of Port Ceremony held at MRYC this year. In years past the commodores have been split on a few boats however, this year the committee rented the Sandpiper to allow the class to all travel on the same vessel. It was a very memorable day to see 50 of our classmates in a Congo line around the boat. We also had the Five Club Poker Run-great job to the fleet captains, for the poker hands and food. The following weekend was Opening of the Islands held at Ford Yacht Club. The high water wouldn't allow for boat rides as their docks were under water, but still a wonderful modified event. If you didn't know, even the North Clubs are effected by this high water, so we are not the only ones in rubber boots! Lastly there was the TSC Regatta and the first poker run stop of the year. Even though the rain and high water challenged TSC, they had a great event, partying into the wee hours of the morning. One more specialty during the TSC Regatta is their \$1.98 contest held on Friday night. For those who missed the event, you missed quite the show as many commodores were very committed to winning. I am very happy to say that I won the \$1.98 contest for Bay View for first time since 1997! A very very big Thank You to Courtney for making me pretty and taking care of those hard to reach areas...

Please remember we will continue to have high water throughout the month of July, with the highest levels peaking mid month. Please keep in mind to watch the water levels to keep all our vessels safe and secure. There is a great website to check the water levels and wind direction to help keep you informed. <https://tidesandcurrents.noaa.gov/stationhome.html?id=9063085> We all have different boats and dock locations so the critical water level will vary for each member. My dock is located in front of the club, right in front of the anchor, so for me when the water level is at 68 inches I know I will be stepping in a couple inches of water to get to my dock but the rest of the dock will be dry. Members please take the time to come check your boats with the varying water levels to decide where your critical water level is for your boat.

Club Cruises

Report from the Commodore Cont'd

This year the Finance and Planning committees have been working together to make sure that we will continue to be successful in providing the needed funding for the various projects needed at the club. Be it from a few hundred dollars to buy sumps pumps for the basement, to spending \$13,000 for the drive entrance, or \$80,000 for seawall repair. For committee chairs the finance committee will be reaching out to you to let you know what is left in your budget and also asking what other expenses you foresee for the rest of the year. Another big challenge that the finance committee faces is in the receipts. Members if you have a receipt to turn in from a project or event please do it in a very timely manner and do not wait a month later to turn in the receipt. If the receipts are not in on time it is very hard to know how much is still left to fund additional projects.

Homecoming will be here before we know it and everything is coming together to make the club look great for all guests coming in a few weeks. Brian Rogers has had a Homecoming meeting and is getting things going in the right direction. The Homecoming sign up sheets will be posted at the club shortly so please sign up and get your hours in. There are plenty of things to be done for this event no matter your skills or abilities. An example if you cannot stand for long periods of time, you can work the door putting on wristbands, selling tickets, or helping sell our amazing ship store items. There really shouldn't be any reason for members not to be able to get their second half work hours in, remember you need 10 work hours from July 1-December 31. If you happen to have your work hours in your additional support is welcome and VERY needed! Poker Runs are very well attended and we'll need all hands on deck!

Thank you all for all the support you continue to give the club throughout the year! We'll see you on the water.

Commodore,

David Krell

Report from the Vice Commodore

**Vice Commodore
Charles Martin**

It's hard to believe July is here. We have had our share of water this year so far but it is great to see everyone making the best of it. The long range forecast is not showing any relief of it residing anytime soon.

CONGRATS to the Commodore for taking 1st place in the \$1.98 contest at TSC.

Lady Moe and I have attended TSC, Harborview & TYC cocktail party events and showing support for our club. July and August are looking to be really busy with other Homecomings and ours.

It's nice to see how many people are showing support for the club events and attending the Fleet Captains planned events and have signed up for future events.

We are having a Steak & Chicken roast on July 5th, cook your own along with potato, salad and dessert. Cost \$10.00

You must be a member of BVYC for 2 years

If interested please contact Colleen Cashman 419-346-9537 or Pete Kaiser 419-297-4227

Report from the Rear Commodore

Rear Commodore
Kenneth Campbell

Hello BVYC, Not a lot to report on this month; however July is going to be a great month. Mark your calendars for July 19th we are going to have Friday night dinner and Name That Tune makes a return to the club! The following weekend is the Flip Flop Cruise. Dave Patlin and I are working on hard to make this a great year to come to the Cruise! String Theory makes a return to the Club as well! Hopefully the water goes down a bit by then and the docks will be more accessible.

I have not had much in requests for club rentals lately but remember to look at the calendar that is in the rental book and check the day you want. Fill out the form and leave a check for the rental. Any questions please let me know.

Report from the Fleet Captain

Report from Fleet Captain Dave Patlin

Greetings Bay View Members!

The 5 club poker run was a great time, hope you all enjoyed it as well. We made the most out of a stormy day!

The following is an update on the cruise schedule for summer 2019 if it would ever quit raining!

Our first **DAY TRIP** is scheduled for June 22. Hopefully by the time you read this, it was a great success! There is another one planned for July 20. The goal for the day trips are to offer all members an opportunity to go on a cruise even though they may not own a boat. We need captains and passengers!

We look forward to hearing feedback on this type of cruise.

Additional cruises have been scheduled for:

July 4-6: Thursday- Saturday - VERMILLION-. Vermillion is a great destination with a lot to do and it's a beautiful area.

July 19- Friday night Raft Off! The band "Killer Queen" will be playing downtown, so join us anchored out to listen to the music!

July 20th- Second DAY CRUISE – keep watch for details

August 2-6:- Brands Marina in Port Clinton – Brands is another great destination for an affordable price! There is always a lot going on in downtown Port Clinton. Brands also makes for a good stop before heading to ILYA.

August 7-10 ILYA- Questions? Talk to P/C and Board Chairman Scott Kneisel

September 6-7-Maumee Bay State Park. In addition to signing up, please also call the number on the sheet to make your reservation.

Each of these cruises will have a sign- up sheet and we will follow up on specifics with each Captain prior to departing date.

If you haven't gone on a club cruise before or are a new member, here are some fun facts about them.

It's a fantastic way to meet and get to know club members!

It's a perfect way to visit destinations that you may have not traveled to yet since you can follow other boats.

There is **not** an additional fee to join the cruise other than the gas and dockage for your own vessel.

There are always fun activities scheduled which vary according to the location.

The destinations are close enough to be able to go there and back in a weekend.

What happens on the cruise *usually* stays on the cruise!!

There is always more than enough food and beverages!!

Making memories!

The bottom line is that if you miss out on club cruises you really are missing out!

July Birthdays

OUR NON-SNOWBIRD MEMBERS ARE MORE THAN WELCOME TO JOIN IN, AND MEET THE PEOPLE NOT TOUGH ENOUGH FOR THE TOLEDO WINTERS.

CASH BAR!

PLEASE BRING A FINGER FOOD TO SHARE.

ANY QUESTIONS...

PLEASE CALL PHIL BREMER 419-787-3400 OR

SHARON BRANUM-PERRY 419-898-0121

Special Announcements

Boating Technology - You gotta love technology. Today we can text a buoy and receive water and weather data. I recommend you create a new contact called Weather Buoy 45165. The phone number is 866-218-9973. Then create a text message to Weather Buoy. In the text field, put in 45165 and hit send. That's why you put 45165 in the contact name so you remember what to put in the text field. In seconds you will receive weather and wave data from the buoy that sits out in front of Meineke's marina. I believe there are others as well but that's the only one I'm familiar with. Also, one of the best Apps I've found is called Sail Flow. It's meant for sail boaters but works great for any type of boating. It basically will tell you the forecasted winds for your area. Download the app from your phone store then launch it. You will see small arrows on a map. Touch on one of the arrows then click on forecast. Then you will see projected wind speeds and directions for the next week as well as the weather outlook. If you know of other Apps and boating technology you would like to share then forward to Jeff Palmer - nemo@bex.net for consideration in the next newsletter.

There is a new addition to the bvyc.org website... A "Members Only" page is now up and running. On this page you will find the most updated membership roster, Constitution and By-laws, and any other items of communication.

To access this, you first need to go to bvyc.org, then click on the "Members" link in the blue bar.

After that you will need to create a log in. Once this is done we will get a notification and will confirm who is requesting access and grant it for members of BVYC.

If you have any questions please contact: Tony Blank - ronski08@gmail.com - 419-574-2674.

Work Hours are abundant. Please contact Tony Blank and Brian Rogers to fulfill your work hour obligation. Looking for Painting, Club beautification, Homecoming Help, and other general maintenance. Please keep in mind to include your member number on your work hour slip as sometimes we cannot read your name. Also, work slips must be signed by the head committee member. You cannot just write the supervisor name on the work slip.

The Bar May Close Early due to flooding, inclement weather, and lack of patrons. Please call ahead if planning to attend the bar when these issues could be in effect.
